

'Keep it Moving' Liner Notes Now Available

The wait is finally over. The long overdue follow up to 2004's 'Digging in the Vaults ' is now going out to FM and Net radio stations worldwide for imminent broadcast. The all important liner notes have been made available here so you can get a taster for what's in store. With so much of the mix being dominated by rare and unreleased work, you are encouraged to tread the websites provided so you know more about what you've been missing and Will's been hitting for the past 24 months.
